Re: Testimonial Letter

Dear Tony:

As the owner of 11 Gold's Gyms in two states, let me state for the record how happy I am with both you as an individual and your company as a whole.

You have constantly delivered on all promises of service. In fact, you have over delivered on service; something I value and find is all too rare.

Furthermore, your product, the Hydro Massage Bed, is proving to be a great amenity and service for my members.

I am offering it as an unlimited amenity for \$10.00 per month, and in the first two days, I was able to pay for the bed's monthly payments.

Moreover, the beds are a great tool to close guests. And they offer a unique call to action as we now advertise "Unlimited Massage."

In summary, I highly recommend your product to any and all of my colleagues and I cannot say enough about the level of your service.

In Health,

Eddie Dail
