

Dear HydroMassage,

My name is Andy Cimbron, the owner of the Powerhouse Gym located in Plymouth, MA. I just wanted to say thank you for helping me get my new bed. I thought you might like to hear my story. When I was first approached about the bed, the business model was very interesting but I was very skeptical. In fact, the only reason I proceeded with the bed was because of the 30 Day Buyback Guarantee I was given. Honestly, I figured what do I have to lose? Within the first day of selling memberships, we experienced a problem with a part on the chiller unit. The part was shipped overnight and the bed was up and running by 11:30 the next morning. The service was amazing. Anyway, we had missed the Monday morning, Monday evening, and Tuesday morning time frames for selling and I didn't expect we would be able to cover the beds cost in the 1st week as the salesman so confidently suggested. However, by the 3rd day of having the bed, we had sold 27 Massage Memberships at \$14.95/month. We actually sold (15) massage memberships on a Wednesday. Just incredible! This exceeds our monthly cost for the bed. Frankly, I am shocked how well received ***The Best Daily Massage*** is in our club. Our members love it! Thanks again!

Best Regards,
