I've owned my Powerhouse Gym for 11 ½ years, and I just added the HydroMassage bed last month. Let me just tell you...everyone that tries the bed is absolutely flabbergasted. I've never seen anything like this. People get off the bed after trying it for the first time and I hear, "wow," "**absolutely amazing**," "**sign me up**". So, it's been an absolutely positive experience in my club.

I decided to get rid of my tanning bed and replace it with HydroMassage. Everything in my club is all about health (juice bar, pro shop, personal trainers, chiropractic care, child care, etc). Tanning isn't healthy, so I got rid of the bed and replaced them with something that is healthy.

Even though I introduced HydroMassage during my slowest time of the year, I signed-up 38 members for HydroMassage in the first month alone. I'm selling 12 month memberships for 15.95 a month, and if you take advantage of it right after the trial; you get an extra month free. I'm also selling single sessions for \$20, and if you buy a punch-card with five sessions, you get one free massage.

Overall, I have no doubt in my mind that this was one of the best investments that I have ever made. Anybody that's in the gym industry knows, that the more multi-profit centers you have, the more money you make. You can not make money just on your gym memberships alone. And I will be the first one to tell them that this is a phenomenal, phenomenal choice.

Plus, you guys have all been fantastic; Jennifer and Travis are both wonderful to work with, and I couldn't be happier with anything. I'll be more than happy to speak to other gym owners and spread the word on your behalf.

Thanks again!!!
